

I2cTask::TaskEntry

```
graph LR; A[I2cTask::TaskEntry] --> B[I2cTask::I2cTask]; B --> C[Task::Task];
```

The diagram illustrates a sequence of three classes or tasks. It starts with a gray box labeled 'I2cTask::TaskEntry', followed by a white box labeled 'I2cTask::I2cTask', and ends with a white box labeled 'Task::Task'. Each box is connected to the next by a blue arrow pointing to the right.
